

## Setting up Application Environment

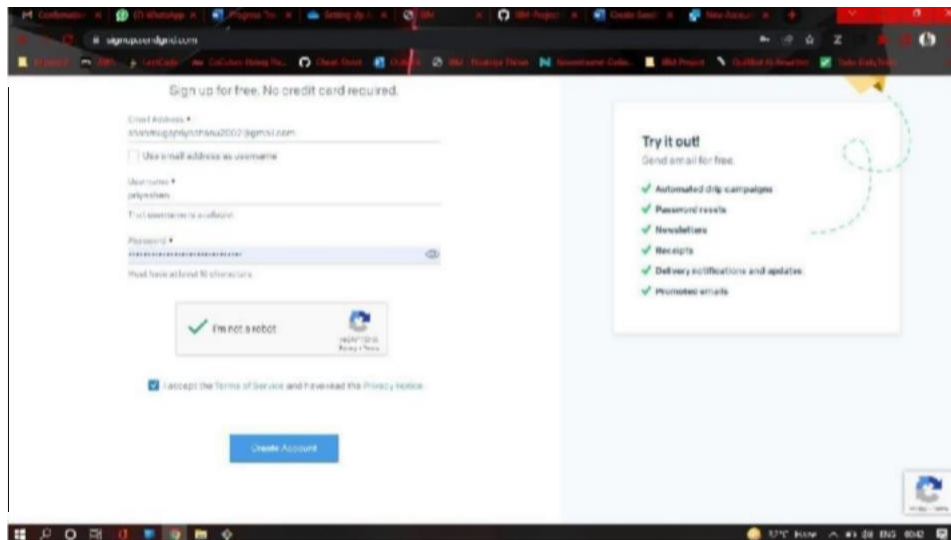

### Create Sendgrid Account

**Step 1.** Navigate to <https://sendgrid.com>

**Step 2.** Click on “Start for free” and register yourselves by entering required details and click on create account

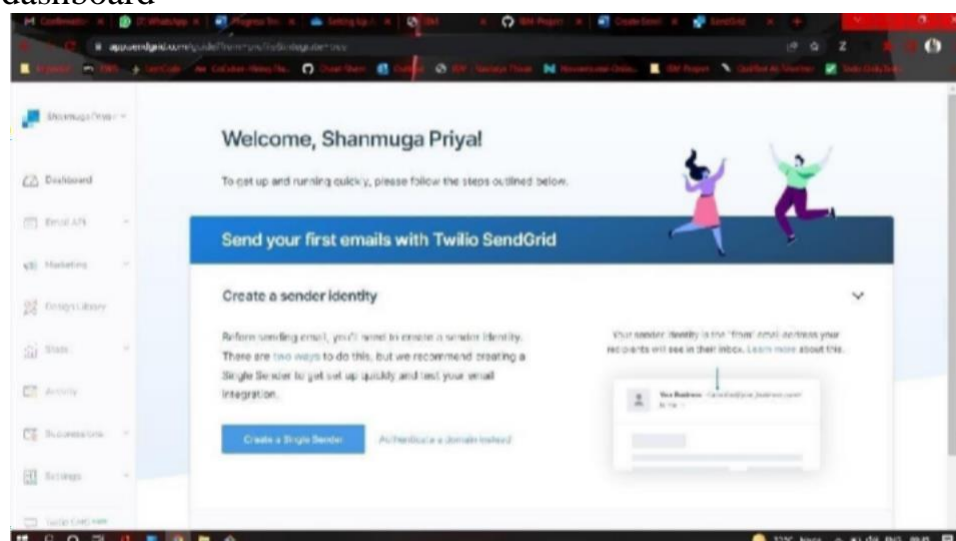

**Step 3.** Further fill all required details in next page and click on get started as shown below

The first screenshot shows the 'Tell Us About Yourself' form. The fields are: First Name (Shanmuga Priya), Last Name (S), Email (shanmugapriya@gmail.com), Company Name (Vidyalal College of Engineering), Country Code (+91), Phone Number (9360088425), What is your role? (Developer), and How many emails do you send per month? (0 to 100,000). The second screenshot shows the 'What is your role?' form. The fields are: What is your role? (Developer), How many emails do you send per month? (0 to 100,000), and How many employees work at your company? (1-500). A 'Get Started' button is visible at the bottom of the second form.

**Step 4.** That's it you have created your SendGrid account and got access to dashboard

**Output:**

Send Grid account created successfully.
