It is important to fix this problem because since everything in our day to day life is becoming/beings converted to digital from a physical/analog entity. It is necessary to access information from anywhere. It reduces the hassles of getting knowledge and information that has happened before and will promote everyone to know better about the current events and will motivate everyone to gain profound knowledge in their interests. It wouldn't look weird when

usage	the person's internet
-------	-----------------------

you need **focused**

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?
